

2017-18 News Letter, Department of Computer Engineering, Government Polytechnic Daman

Event: Technical Quiz on 07 April 2018, Saturday, 10am

Participants: All students and staff of Computer Engineering Dept

16 teams (with 3 students in each) participated in the first round which was an elimination round. A paper-based test was conducted in Round 1 consisting of 25 questions each carrying 1 mark (duration of the test was 30min). Top 4 teams from the round one was selected. Students eagerly awaited for the results to know which teams would proceed to the next round.

The following rounds were conducted to decide the winner of the event.

Round 2: Rapid fire round

Round 3: Visual Round

Round 4: Programming Round

The team from IV Semester Himanshu Ranjan, Tandel Nehal Mukesh, Saik Ismail stood first. Winners of the Quiz were rewarded with certificates and medals on the Annual Day.

The first event of the department was conducted successfully because of the good support and cooperation from faculty and enthusiastic participation of students. Students were fun filled on the day of the

event.

Event: Parent Teacher Meeting on 10th April 2018, 10.00 am

Participants: II & IV semester students, parents, staff of Computer Engineering Dept

The parents were happy to interact with faculty and know about their ward's attendance and performance. The parents were expecting that the pass percentage of the students will

be improved in the coming future. The department faculty addressed the queries posed by the parents.

Event: Farewell Party On 14 May 2018, 1pm

Participants: Final year students and staff of Computer Engineering Dept

To bid adieu and to wish good luck in all future endeavors of VI semester students, farewell party was organized by the department. The students were very much delighted for this small gesture as it came to them as a surprise.

Event: Expert Lecture on Cyber Security- Significance in the Era of Digital India 18th August 2018, 10.00 am

Participants: All students, faculty and staff of Government Polytechnic, Daman

In the present-day computing context securing our devices and protection of electronic data is a challenge. Hence, guest lecture on Cyber Security - Significance in the Era of Digital India has been delivered by Shri V Venkateswara-Rao, Scientist D, Joint Director, Computer Emergency Response Team (CERT-IN), Ministry of Electronics & IT, Government of India.

The talk included a detailed presentation to educate users with different types of attacks, vulnerabilities in cyberspace. Shri Rao listed out some common measures' users can adopt to thwart cyber-attacks.

The occasion was also graced by Shri Utpal Mehta, NIC Coordinator, Daman. Shri Mehta expressed that

the technology and gadgets have entwined so much in our daily lives that we begin and end our day by checking our whatsapp updates, hence there is an emerging need to secure our devices and identity.

There was an overwhelming participation of students in the event.

Event: Poster Presentation on Cyber Security on 18th August 2018, 12:30pm

Participants: All student's of computer engineering department.

Poster Presentation on Cyber Security was organized in which a total of ten posters were prepared on the different types of cyber-attacks and countermeasures. Shri V Venkateshwar Rao, and Shri Utpal Mehta judged the posters. They opined that all posters were beautifully presented and that it was a difficult task to decide the winners.

Poster prepared by Kalyani Bedera and

Yaser received first prize Poster prepared by Ms Vishaka received second prize.

Event: Fresher's Party on 18th August 2018, 2.00 pm

Participants: All students and staff of Computer Engineering Dept

To inculcate the practice of welcoming newly admitted students, the department has taken the initiative to organize fresher's party. As a part of the event Treasure Hunt, and cultural events like skit and dance performance were conducted. The senior students volunteered and coordinated to organize the event. Students were euphoric to participate in treasure hunt. They had the opportunity to visit the all departments in search of treasure.

Event: Teachers Day Celebrations on 05th Sept 2018, 11 am

Participants: Students and staff of Computer Engineering

Students of the department have organized and invited staff for

teacher's day celebration. Students cheerfully took the blessings of the faculty. Dr. Aruna Govada, HOD, Computer Engg. addressed the students on the occasion.

Event: Engineers Day Celebrations on 15th Sept 2018, 10 am

Participants: Students, staff of Computer Engineering & Information Technology

Chief Guest: Shri Balaganeshan, HOD-Mechanical Engineering

Technical presentations, poster presentation, seminar on Sir Mokshagundam Vishveshwaraya, cultural events were organized as a part of the event.

Neha Singh has delivered speech on "Why we celebrate Engineers Day?" and on achievements of Sir MV. Swetha Jaiswal and Ranu Singh students of computer engineering have given seminar on India's Education Index and India's Innovation Index. Altamash Rangrez student from IT Dept has given a technical presentation on Artificial Intelligence, its future scope and possible threats of the technology. Nishita Dabhelkar, presented poster on Cryptocurrency. Sarwari Sarwar Kadri, Muskaan, Gaurang have presented poster on Engineers Day.

Addressing the gathering Shri Balaganeshan, HOD- Mech Engg, expressed that he is glad that the department has organized such an event. Speaking on this occasion, Dr. Prashanth Dahiwale, emphasized that students need to focus primarily on their studies and all-round professional development rather than getting back to family business. He reiterated that this will further help them to contribute in improving their business if any.

Addressing the students, Dr. Aruna Govada, HOD, Computer Engg, said that Sir MV is cited as the greatest engineer and that he was not only a great engineer but also a good human being. She said that students should understand the context and motto behind the celebration of such events.

Event: Poshan Abhiyaan, 19th Sept 2018, 11.30 am

Participants: Students, staff of Computer Engineering & Information Technology

Delivered by Social Welfare Department, Daman

A presentation on the government initiatives and programs to reduce cases of infant children from malnutrition and anemia was given by officials from social welfare department. Students have taken a pledge to volunteer and spread the same details to the required.

Event: Parent Teacher Meeting on 6th October 2018, 10.00 am

Participants: I semester students, parents, staff of Computer Engineering Dept

The parents were given the information of the course, curriculum and attendance rules of GTU. They are advised to come and meet the faculty periodically to know the performance of their ward.
